Purchase Agreement Terms

Reverse of agreement | Time Motor Sales agreement | Keep with signed front page

Agreement number

Vehicle VIN

1 Agreement and payment

Both pages and the identified attachments form this sale agreement when all buyers and an authorized dealer representative sign. No material blank may be completed after signing without written agreement. Pay the remaining balance by the stated deadline or under a separate signed credit contract. Deposits are credited once.

2 Financing condition

This is not a credit contract. If financing is a condition on the front, the purchase depends on the buyer accepting final written credit terms by the stated deadline. If that condition fails, either party may cancel before delivery and the dealer returns the deposit and trade. No delivery before final financing.

3 Trade ownership and payoff

The buyer owns the trade or has all owners' written authority and has disclosed known liens, title brands and mileage discrepancies. The dealer pays the identified lienholder the agreed payoff. Payoff changes require written reconciliation and buyer approval; return or credit excess funds. Do not sell or encumber the trade before financing is final.

4 Price and delivery

The itemized front-page figures control. Any correction to price, tax, fee or payoff requires explanation and written agreement. If the dealer cannot meet the delivery date, the buyer may accept a written extension or cancel and receive the deposit and trade. A delivery receipt does not release warranties, title duties or promises.

5 Deposits and cancellation

All deposits are refundable if the transaction is cancelled before delivery. No forfeiture or cancellation charge applies before delivery, despite the statutory warning. After delivery, cancellation or return depends on applicable law, any written return policy and the applicable signed contract.

6 Warranties and disclosures

The final Buyers Guide and separate written warranty state coverage. This agreement creates no AS IS or implied-warranty disclaimer and waives no mandatory warranty or remedy for unlawful conduct. History reports do not establish an accident-free history. Required brand and damage disclosures remain due; buyer acknowledgment does not waive legal rights.

7 Promises and optional products

Record every promised repair, accessory or other item on the front or a signed Promised Work Agreement, including cost and deadline. The dealer must honor those promises. Optional products require separate informed selection and applicable terms; this signature does not enroll the buyer.

8 Title registration and insurance

The dealer will complete required transfer filings and remit collected government taxes and fees as required by law. The buyer will provide accurate registration information and sign required documents. Required insurance must be effective before driving.

9 Written terms and legal rights

Put all sales promises in writing. Both pages, identified attachments and later signed amendments state the sale terms. The FTC Buyers Guide controls conflicts. Separate credit and warranty documents govern their subjects, subject to law. Minnesota and applicable federal law govern, including any other mandatory law.

10 Copies and signatures

Every buyer receives both pages and all applicable attachments. Enforceable terms survive an invalid term. Counterparts may form one agreement. For electronic signing, separately obtain any required electronic-delivery consent, present both pages and attachments before signature, and provide an accessible completed copy.

Arbitration Agreement

Buyer legal name

Co-buyer legal name

Agreement / stock number

NOTICE: Arbitration generally replaces a court trial before a judge or jury for covered disputes. Court review of an award is limited. Read this agreement before choosing.

Parties and scope. Buyer, co-buyer and seller identified in the purchase agreement mutually agree, if they elect below, to arbitrate disputes arising from this vehicle sale, representations, financing or related services, except the exclusions below. An assignee may invoke this agreement only to the extent permitted by law and the assigned contract. No unrelated third party receives enforcement rights by this form.

Administrator and procedure. The American Arbitration Association (AAA) will administer under its Consumer Arbitration Rules and applicable consumer standards in effect when filed, available at adr.org or by requesting a paper copy from seller. Seller must complete any required clause registration and business compliance before using this form. If AAA declines, the parties may agree in writing on another qualified consumer administrator; absent agreement the dispute may proceed in court.

Costs, place and relief. Seller pays arbitration charges above the consumer filing amount allowed by AAA, and pays that amount if needed for meaningful access. Each party may request a remote hearing or a hearing in the county where buyer lives. Reasonable discovery is available. The arbitrator must apply applicable substantive law and may award all individual remedies, statutory damages and attorney fees available in court, with a written reasoned award.

Preserved rights. Either party may use an eligible small-claims court. Government complaints and agency enforcement are unaffected. This agreement does not authorize repossession or waive required notices, statutory protections, claims or defenses. Claims that law forbids arbitrating are excluded. A court decides formation, enforceability and scope; the arbitrator decides the merits.

Individual proceedings. Covered arbitration proceeds individually, without class or representative proceedings, only where lawful. If that restriction is unenforceable for a claim, that claim proceeds in court; valid remaining terms remain effective. No nonwaivable public relief is restricted. Federal arbitration law applies where applicable; otherwise Minnesota arbitration law applies.

Choice and rejection. Acceptance is not a condition of purchase or credit. Buyer may reject within 30 days after signing by written notice identifying buyer, VIN and contract date delivered to seller at its completed contract address; rejection by either buyer rejects for both. Rejection does not change price or credit terms. A separate, conflicting arbitration clause must be reconciled before signing.

Starter-interrupt safeguards - if capability is installed

Tracking-only equipment must not be represented as having interruption capability. For equipment with starter interruption, the policy is: no shutdown of a running engine; no interference with steering, braking or safety systems; no interruption while the vehicle is moving; and no automatic interruption based solely on a missed payment.

Before any permitted interruption, creditor must verify the account, legal authority, required default and cure process, advance notices and safety conditions, and record approval. This form creates no right to interrupt that law or the signed credit contract does not allow. Do not activate interruption until counsel approves provider-specific procedures.

Advance warning method / timing

Contact number for account correction

Emergency assistance / override number

Override method / instructions

Complete and demonstrate assistance and override instructions before handover. Contact emergency services when needed. Creditor must promptly investigate erroneous interruption and restore operation when required.

Installation, tampering and payoff

Install and test according to manufacturer instructions without impairing safety. Buyer must not intentionally disable or damage the device, but may request authorized inspection, repair or removal. No tampering fee or automatic default is created here.

After payoff: deactivation / removal deadline

Removal location / who pays

At payoff, lawful termination or other required event, creditor will stop account-related tracking and arrange deactivation/removal as stated above, subject to lawful record retention. Consent withdrawal requests go to the listed contact. Any effect on required security arrangements must be resolved under applicable law and the signed credit contract; withdrawal does not authorize unsafe interruption.

Informed acknowledgment

I received both completed pages and the identified privacy notice. I understand the selected device functions, charges, data practices and assistance procedure. I authorize only the disclosed installation and lawful use. This is not consent to unrestricted surveillance or waiver of legal rights. Minnesota precontract device disclosure must also be completed separately.

1. Collateral. Buyer grants seller a security interest in the vehicle identified on page 1, its installed accessories and identifiable proceeds, to secure only this contract. Buyer authorizes accurate lien notation on the title and lawful perfection filings. No interest in unrelated property is granted.

2. Vehicle care and insurance. Buyer must maintain the vehicle, avoid unlawful use or unauthorized transfer of the collateral, and maintain required liability and reasonable physical-damage coverage protecting the vehicle, naming the creditor as loss payee where appropriate. Buyer may choose an acceptable insurer and agent. No forced-place insurance charge is authorized by this contract. Damage or loss does not itself cancel the payment obligation.

3. Default and remedies. A missed payment or material failure to protect the collateral may constitute default, subject to applicable law. Creditor may accelerate or recover collateral only after legally required notices and any cure opportunity. Recovery must be lawful and without breach of the peace. Any sale, application of proceeds, surplus, deficiency or redemption rights are governed by applicable law. This form waives none of those rights.

4. Charges and prepayment. No late fee, returned-payment fee or prepayment penalty applies. Collection and enforcement expenses may be recovered only when lawful and expressly recoverable under applicable law; no percentage attorney-fee charge is imposed here. On payoff, unearned amounts and product cancellation refunds must be handled as law and applicable product contracts require, and the lien released as required.

5. Servicing and assignment. Make payments to the creditor or a properly notified assignee at the completed payment address below. Assignment does not eliminate claims or defenses preserved by law. Written modifications must identify the changed term and be signed as required. No confession of judgment or general power of attorney is granted. Any separate arbitration agreement applies only if validly elected and enforceable.

Term and payment of covered repairs

Coverage begins at delivery: date _____; odometer _____ miles.
Selected term: [ ] 60 days / 2,500 miles [ ] 30 days / 1,000 miles
[ ] 15 days / 500 miles [ ] More generous term: _____
For each term, coverage ends when either time or mileage is reached, subject to extensions required by law. The selected term may not be shorter than required coverage.

Dealer pays 100% of covered parts and covered labor; deductible $0. This warranty is included in the vehicle price. This form does not sell an extended service contract.

Coverage - complete required component schedule

Covered components are the complete statutory component schedule applicable to this vehicle under Minn. Stat. 325F.662, subd. 2(c) or 2(d), plus any additional components expressly listed below. Dealer must attach the selected complete component schedule and reproduce the required coverage and duration accurately on the front of the final Buyers Guide before signing.

Applicable statutory schedule: 2(c) or 2(d)

Attached schedule title / date

Additional covered components / broader coverage

For an exempt vehicle with a voluntarily offered warranty, identify every covered component and term in an attached written schedule before signing; do not leave coverage described only by a generic label such as powertrain.

Repair or refund

For a covered malfunction, defect or failure, dealer will repair or replace the covered part, or elect a return and lawful refund where permitted. No refund amount is predetermined by this form. A refund must follow applicable law, including required taxes, fees, lienholder interests and any permitted use allowance.

Page 2 states how to obtain service and other warranty terms. Attach the completed component schedule and provide all three pages before purchase. No As Is dealer disclaimer applies to this warranty.

How to obtain warranty service

Designated repair facility name / address

Promptly notify the warranty contact of a covered problem within the warranty period. Arrange delivery for inspection and repair within a reasonable time. Timely reported claims remain subject to required legal protection even if the term expires before the work occurs. Keep repair orders and communications.

If returning the vehicle is impossible or unreasonable, contact dealer for an alternate repair arrangement. Consent for appropriate outside covered repairs will not be unreasonably withheld. Ordinary nonwarranty maintenance and nonwarranty repairs may be performed elsewhere.

Exclusions and overlapping coverage

This warranty does not cover problems caused by post-sale collision, abuse, negligence or inadequate maintenance, to the extent permitted by law. Dealer must not deny an unrelated covered failure merely because other damage exists. Manufacturer coverage remains in force under its terms; this warranty does not require duplicate payment for repairs the manufacturer covers.

No general waiver of a known defect is created by signing this form. Any part-specific waiver must independently satisfy Minnesota requirements, including the required statement and buyer actions on the front of the Buyers Guide. Do not rely on a separate acknowledgment to create that waiver.

Duration and legal rights

Following a covered repair or replacement, the repaired or replaced part receives any additional warranty period required by Minnesota law. Other required extensions and remedies are preserved. This warranty does not limit the duration of implied warranties or exclude consequential damages.

This limited warranty gives you specific legal rights, and you may also have other rights which vary from state to state. Statutory and other nonwaivable rights remain effective. Written promises more favorable to buyer remain enforceable according to their terms. A separate service contract is governed by its own terms and does not replace this warranty.

Receipt of complete warranty

I received all three pages, including the complete component schedule identified on page 1, and the final Buyers Guide before purchase. The coverage and duration on those documents must agree. This receipt does not waive a claim or confirm the absence of defects.
