Year / make / model

Date

Warrantor legal name / physical address

Warranty service contact / telephone

Term and payment of covered repairs

Coverage begins at delivery: date _____; odometer _____ miles.
Selected term: [ ] 60 days / 2,500 miles [ ] 30 days / 1,000 miles
[ ] 15 days / 500 miles [ ] More generous term: _____
For each term, coverage ends when either time or mileage is reached, subject to extensions required by law. The selected term may not be shorter than required coverage.

Dealer pays 100% of covered parts and covered labor; deductible $0. This warranty is included in the vehicle price. This form does not sell an extended service contract.

Coverage - complete required component schedule

Covered components are the complete statutory component schedule applicable to this vehicle under Minn. Stat. 325F.662, subd. 2(c) or 2(d), plus any additional components expressly listed below. Dealer must attach the selected complete component schedule and reproduce the required coverage and duration accurately on the front of the final Buyers Guide before signing.

Applicable statutory schedule: 2(c) or 2(d)

Attached schedule title / date

Additional covered components / broader coverage

For an exempt vehicle with a voluntarily offered warranty, identify every covered component and term in an attached written schedule before signing; do not leave coverage described only by a generic label such as powertrain.

Repair or refund

For a covered malfunction, defect or failure, dealer will repair or replace the covered part, or elect a return and lawful refund where permitted. No refund amount is predetermined by this form. A refund must follow applicable law, including required taxes, fees, lienholder interests and any permitted use allowance.

Page 2 states how to obtain service and other warranty terms. Attach the completed component schedule and provide all three pages before purchase. No As Is dealer disclaimer applies to this warranty.

How to obtain warranty service

Designated repair facility name / address

Promptly notify the warranty contact of a covered problem within the warranty period. Arrange delivery for inspection and repair within a reasonable time. Timely reported claims remain subject to required legal protection even if the term expires before the work occurs. Keep repair orders and communications.

If returning the vehicle is impossible or unreasonable, contact dealer for an alternate repair arrangement. Consent for appropriate outside covered repairs will not be unreasonably withheld. Ordinary nonwarranty maintenance and nonwarranty repairs may be performed elsewhere.

Exclusions and overlapping coverage

This warranty does not cover problems caused by post-sale collision, abuse, negligence or inadequate maintenance, to the extent permitted by law. Dealer must not deny an unrelated covered failure merely because other damage exists. Manufacturer coverage remains in force under its terms; this warranty does not require duplicate payment for repairs the manufacturer covers.

No general waiver of a known defect is created by signing this form. Any proposed part-specific waiver must independently satisfy Minnesota requirements, including the required statement and buyer actions on the front of the Buyers Guide. Do not rely on a separate acknowledgment to create that waiver.

Duration and legal rights

Following a covered repair or replacement, the repaired or replaced part receives any additional warranty period required by Minnesota law. Other required extensions and remedies are preserved. This draft does not limit the duration of implied warranties or exclude consequential damages.

This limited warranty gives you specific legal rights, and you may also have other rights which vary from state to state. Statutory and other nonwaivable rights remain effective. Written promises more favorable to buyer remain enforceable according to their terms. A separate service contract is governed by its own terms and does not replace this warranty.

Receipt of complete warranty

I received all three pages, including the complete component schedule identified on page 1, and the final Buyers Guide before purchase. The coverage and duration on those documents must agree. This receipt does not waive a claim or confirm the absence of defects.

Delivery mileage

Select applicable statutory coverage: [ ] Schedule A - under 36,000 miles. [ ] Schedule B - 36,000 to fewer than 200,000 miles. Eligibility and exclusions must be reviewed separately. For a voluntary warranty on an exempt vehicle, specify coverage below rather than presuming statutory coverage.

Schedule A and B - common covered components

Engine: all lubricated parts, intake manifolds, engine block, cylinder head, rotary engine housings, and ring gear.
Transmission: automatic transmission case, internal parts, and torque converter; or manual transmission case and internal parts.
Drive axle: axle housings and internal parts, axle shafts, drive shafts and output shafts, and universal joints; excluding the secondary drive axle on vehicles other than passenger vans mounted on a truck chassis.
Brakes: master cylinder, vacuum assist booster, wheel cylinders, hydraulic lines and fittings, and disc brake calipers.
Steering: steering gear housing and all internal parts, power steering pump, valve body, and piston.
Other: water pump and externally mounted mechanical fuel pump.

Additional components for Schedule A

Steering rack; radiator; alternator, generator, and starter. These additional statutory components apply to the under-36,000-mile schedule. Other mandatory coverage remains unaffected.

Broader or voluntarily offered coverage

Additional components / coverage terms (or None)

Supporting schedule reference / date

Dealer reviewer / date

Selected term on page 1: _____ days / _____ miles, whichever first, subject to required extensions. Dealer pays 100% of covered parts and labor. Do not use this schedule to narrow coverage required by law. Source: Minn. Stat. 325F.662, subd. 2(c)-(d).
